Academic Background

AMC Engineering College
Bachelor of Engineering in Computer Science (Data Science Branch)
2023 – Present
Bangalore, India
St. Francis PU College
Pre-University Course (PCMB)
2021 – 2023
Bangalore, India
Carmel Convent School
Primary and High School Education
2011-2021
Bangalore, India

About Me

Abhini S
I am an enthusiastic and dedicated computer science engineering student currently pursuing my studies in the data science branch. With a passion for data analysis, machine learning, and programming, I am committed to applying my skills to solve real-world problems. Eager to develop my technical abilities and gain hands-on experience through internships or collaborative projects, I am highly motivated to contribute to innovative teams and grow as a data science professional.

Skills

- Data Science Fundamentals
- Programming languages : C , Python
- Azure Data Fundamentals
- Communication
- Microsoft Office Suite/Google Workspace
- Teamwork

Experience

Research Paper:
Authored a research paper detailing an IoT-based gas leakage detector system designed to detect and alert users about gas leaks in real-time.

Virtual Internship Experience:
Position: App Development Intern
Organization: Bharat Intern
Completed a virtual internship focused on app development, gaining hands-on experience in designing and developing mobile applications.

Training and Certifications:
Data Science with Python
Provider: Coincent
Accomplished a rigorous training course in Data Science utilizing Python, demonstrating proficiency in the field.

Microsoft Azure Data Fundamentals
Provider: Microsoft
Successfully completed the certification examination, demonstrating competence in fundamental data concepts and Microsoft Azure data services.
